OTHER VARIETIES

While I am of the opinion that this list should cover all requirements, I realize my customers often have a trade in some other variety not listed above. If you will send in a full list of your requirements I am confident that I can grow them for you from proper stocks properly at a proper price, whether you need ten pounds or ten tons.

I agree to plant an acreage of each variety sufficient to produce, under normal conditions, the amount required to fill all contract orders and will accept orders only as late as is compatable with a proper apportioning of acreage. In the event of a short crop will fill prorata only.

Respectfully yours,

R. H. JAMES
